

Two into One Will Go !

Nearly 20 years ago, I established my practice as "Justin Nelson" - it was me and me alone, and the name made that clear, though I later refined it to "Justin Nelson, Commercial Solicitor" to focus on the commercial work I specialised in.

On launching my residential conveyancing practice, I used the name "Nelsons" to reflect the fact that this was, very much, not just me - though I handled the legal work, the success of the venture was due to the team involved (especially Anne Browne and Samantha Hayes) and the way they coped with the day to day flow of paperwork and communication.

Now, the time has come to combine Justin Nelson, Commercial Solicitor with Nelsons and to adopt a similar teamwork arrangement to handle all my work, both commercial and non-commercial.

Accordingly, from 14th February 2011, all of my work will be carried out under the name of Nelsons.

At the same time, we will be adopting new, updated technology to improve efficiency and throughput and will merge our websites into one at www.nelsonslegal.co.uk.

The team will be expanded to cover the extra workload we are experiencing and expect to continue, and I will be helped by:-

- Jasmine Jirbandey - an assistant solicitor
- Samantha Hayes - my conveyancing manager
- Anne Browne - my office manager
- Sarah Anne Nunn and Andrea Barrett - my secretaries and receptionists
- Jackie Garner - my cashier/accounts clerk.

We will be handling

Business client work

Commercial conveyancing
Commercial leases
Acquisition and disposal of businesses
- both asset sales and share sales
Partnership and shareholders' agreements
Terms of business, commercial contracts, etc

Private client work

Residential conveyancing
Residential leases
- including extensions and enfranchisement
Wills
Lasting Powers of Attorney
Winding up estates

We are all excited and positive about this new step forward in the business, and we hope you will join us for updates and information on:-
